II Passive voice

The passive voice is used to show interest in the person or object that experiences an action rather than the person or object that performs the action. In other words, the most important thing or person becomes the subject of the sentence.

Hasta ahora hemos hablado de la voz activa donde enfocamos la acción del verbo en el sujeto. Pero cuando queremos dar más importancia a la acción y no a quien la ha realizado, utilizamos la voz pasiva.

The passive voice is used to show interest in the person or object that experiences an action rather than the person or object that performs the action.
